

Guidance Note for Application to the European Tracks Spring 2023

EPICUR European Tracks

In Spring 2023, EPICUR will offer European Tracks in the fields of Sustainability and European Identities, open to all students at EPICUR universities from their second year of studies. Embracing the spirit of Liberal Arts and Sciences, you can put together your own tailored curriculum. EPICUR will offer courses as part of the European Tracks 2022/23 (see [here](#)). You may also apply for only one course and also for courses across fields. Make it your personalized study trajectory that is meaningful for you.

When can I apply?

The main registration period for courses in the spring term will take place from **November 28th – December 16th 2022, 12 pm**.

How do I apply?

You apply through the EPICUR Inter-University Campus. You can reach it via the course catalogue at <https://courses.epicur.auth.gr/>. To directly apply go here: <https://register.epicur.auth.gr>
A detailed Step-by-Step-Guide can be found below.

Any other questions?

Please check the information provided [here](#) (including pages linked from there and the Any questions? page). In case of further questions regarding the European Track, please contact the coordination team at epicur@ucf.uni-freiburg.de. In case of technical issues, please contact the IT support team at epicur-vurs@auth.gr.

Step-by-step Guide

Step 1: Eligibility

You are eligible to apply for an EPICUR mobility if you are enrolled and will be enrolled at course start at an [EPICUR member university](#).

Step 2: EPICUR Inter-University Campus (EIUC)

Register on the [EPICUR Inter-University Campus \(EIUC\)](#) with your home university email account (other email accounts are not accepted).

Step 3: Admission criteria

Check and confirm that your application complies with the general EPICUR admission criteria:

1. **You are enrolled at an EPICUR partner university** – you will be requested to upload proof of enrolment.
2. **You are enrolled in min. the 2nd year of your Bachelor program** – you will be requested to upload a transcript of records.
3. **You fulfill the language requirement (if applicable)**. If not stated otherwise, for courses in English, self-reported language proficiency is sufficient. Please describe in a document how you acquired your English level.

Step 4: Start application

Check out the European Track information on [EIUC](#) that will link you to the course catalogue. Apply online by clicking on the 'apply now' button. There, please complete and upload the requested information and documentation. You can save and reopen your application form to complete it later.

Important: If you apply for more than one course, please include a ranking of your preference in your motivation statement. We recommend applying for courses and EPIC Missions within one challenge area or in key competences. However, you may also apply for only one course and also for courses across fields. **If you apply for courses across challenge areas, you need to apply for them separately.** Make it your personalized study trajectory that is meaningful for you.

Step 5: Submit application

Submit your completed application online before **December 16th, 11:59 am**.

Step 6: Acceptance / rejection

By January 13th, we will notify you by email of the review and selection results. If your application is successful, you will soon receive further information about participating in the European Track!
